Dear Sir:

Please enter the following preliminary amendment:

IN THE CLAIMS

Please cancel all allowed claims and add the following claims addressing subject matter in application serial number 09/452015:

Claims 1-7 and 11-16: Issued (09/452,015)

Claims 8-10 and 17-20: Previously Canceled.

Claim 21: (Added) An intermediate comprising:

an electronic substrate having residues from an etching step; and
a low-species buffer solution consisting essentially of deionized water and buffer contacting the printed circuit board in a bath, wherein the buffer is present in the solution at a concentration effective to dissolve or displace a residue on the electronic substrate, and at a concentration effective to eliminate
